March 26, 2020

The Town of Leader has been closely monitoring the COVID-19 situation as it evolves. Each passing day brings new developments, but our top priority remains the health and well-being of our residents, staff and community. On Wednesday, March 25, 2020, a special council meeting was held to address our municipal response to COVID-19. As a local government, the Town of Leader is taking direction from the provincial and federal governments, and the Chief Medical Officer.

The Town Office has been closed to the public but our staff will continue to receive phone calls and emails during normal office hours. Payments can be made by mail, on-line banking, or over the phone with a credit card. For urgent situations please contact the office and we will do our best to accommodate you.

Essential services **will not** be interrupted. Water, sewer, garbage/recycling pick-up, and fire and rescue services will continue as usual.

All town owned recreational facilities are closed until further notice. We strongly recommend that all residents use precaution if visiting the Leader Lions Park or ball diamonds. Even though you are outside, the corona virus can survive on the metal park equipment for several days. Please take the proper precautions to protect yourself and your family.

We appreciate the strong desire that everyone in our community has to keep our Town safe and healthy, by checking up on others who may be more vulnerable, washing your hands frequently, practicing social distancing, and staying home from work if you or anyone in your family is feeling ill.

Town of Leader Mayor & Council
